- 2 -

That the recommendation of the Management of the Canadian Government Railways is concurred in by the Director, Real Estate Branch of the Department of Transport.

The Committee, therefore, on the recommendation of the Minister of Transport, advise that Your Excellency may be pleased,

PRIVY COUNCIL • CONSEIL PRIVE

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 26th day of NOVEMBER, 1969

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Minister of Finance reports as follows:

That Appropriation Act No. 2, 1969 provides that the Governor in Council may, in addition to the sums now remaining, borrowed and negotiable of the loans authorized by Parliament, by any Act heretofore passed, raise by way of loans, under the Financial Administration Act, by the issue and sale or pledge of securities of Canada, in such form, for such separate sums, at such rates of interest and upon such other terms and conditions as the Governor in Council may approve, such sum or sums of money, not exceeding in the whole, the sum of two billion dollars, as may be required for public works and general purposes;

That by Order in Council P.C. 1969-1070 of 27th May, 1969, the Governor in Council authorized the Minister of Finance to borrow for the issue, for cash, to the credit of the Unemployment Insurance Fund from time to time during the fiscal year ending March 31, 1970, of interest-bearing, non-marketable securities of Canada in an aggregate principal sum not exceeding \$160 million representing the estimated surplus of the receipts of the Unemployment Insurance Fund over the payments to be made from the said Fund;

- 2 -

That it is now expected that the receipts of the Fund during the fiscal year ending March 31, 1970, will exceed the payments required to be made from the Fund during the same period by approximately \$190 million and not \$160 million as previously estimated; and

That it would be advisable in the circumstances that Order in Council P.C. 1969-1073 be revoked and a new authority be given to the Minister of Finance for the issue to the credit of the Unemployment Insurance Fund of interest-bearing, non-marketable securities of Canada in an aggregate principal not exceeding \$190 million.

THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, is pleased hereby,

- (a) to revoke Order in Council P.C. 1969-1073 of 27th May, 1969; and
- (b) pursuant to the Financial Administration Act and Appropriation Act No. 2, 1969, to authorize the Minister of Finance to arrange for the issue, for cash, to the credit of the Unemployment Insurance Fund from time to time during the fiscal year ending March 31, 1970, of interest-bearing, non-marketable securities of Canada in an aggregate principal not exceeding \$190 million and in respect thereof to approve the annexed order.

PRIVY COUNCIL

The Committee of the Privy Council have had
before them a report from the Minister of Veterans Affairs,
representing:

That subsection (1) of section 24 of the Veterans
Land Regulations provides that the Director may not approve
financial assistance on behalf of a veteran qualified as a
small holder on an area of land containing less than one
half of one acre but at the discretion of the Director this
area may be reduced by 20 per cent;

That qualified veteran Francis Edward Wells requests
that the Director provide financial assistance under Parts I
and III of the Act to acquire a parcel of land located at
Liverpool in the Province of Nova Scotia, containing an area
of approximately 13,932 square feet;

That at the time qualified veteran Francis Edward
Wells requested settlement under the Act on the aforesaid
property and an additional parcel offered by the Town of
Liverpool, there were no funds available for veteran settle-
ment, as a result of which, the veteran proceeded to acquire
the aforesaid property through private financing;

That it transpired the Town of Liverpool did not
hold title to the area of land which it agreed to sell to
the Director for the veteran's settlement;

That the land in question is part of a larger
parcel expropriated in 1943 by Wartime Housing Limited and
prolonged negotiations have failed to result in either
locating a Crown Patent granting this land to the Town or
in having title conveyed to the Town so that it could in
turn convey part of the lands to the Director to make up
the minimum acreage as prescribed by Regulation; and

- 2 -

That since qualified veteran Francis Edward Wells approached The Director, The Veterans' Land Act in good faith and since it is through no fault of the veteran that title cannot be obtained to a sufficient area of land to meet the minimum acreage requirements of subsection (1) of section 24 of the Regulations, it is deemed advisable to permit the establishment of qualified veteran Francis Edward Wells on a parcel of land containing less than one half of one acre in area.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, advise that Your Excellency may be pleased to approve the establishment of qualified veteran Francis Edward Wells on a parcel of land located in the Liverpool area, Province of Nova Scotia, containing an area of approximately 11,932 square feet which is less than the prescribed minimum of one half of one acre.

EXPLANATION OF SAVINGS RESULTING FROM THIRD PARTY LEASE
OF CENTRAL ANALYSIS OFFICE COMPUTER SYSTEM

Costs without Third Party Lease

Effective as of 15 December 1969 the following monthly costs would be in effect for the computer system at the Central Analysis Office if third party lease were not available.

1. Instalment Payment for Computer to IBM	\$32,779.85
2. Maintenance Charge for Computer System	2,381.50
3. Card Preparation Equipment Lease	311.60
4. Lease for 7 Disk Packs	126.00
5. Plotter Systems Maintenance	<u>848.64</u>
Total Monthly Charge	\$36,447.59

Assuming a 36 month life for the Computer System at the above monthly cost the operating cost is indicated below.

Three Year Operating Cost (No third party lease) \$1,312,113.24

Costs with Third Party Lease

1. Monthly Rental to Transamerica Computer Company of Canada Ltd.	\$19,702.00
2. Remaining IBM instalment payment	6,932.79
3. Items 2 to 5 noted above	<u>3,667.74</u>

Effective 15 December 1969 the above charges would take effect. Assuming a 36 month remaining life for the system the operating costs may be computed. A termination penalty for ending third party lease must be included.

Operating Costs (with Third Party Lease)

1. 36 month 3rd party rental	\$709,272.00
2. 36 months IBM instalments	249,580.44
3. 36 months fixed charges @ \$3,667.74	132,038.64
4. Penalty for Third Party Lease Termination	<u>39,404.00</u>

Three Year Operating Cost with Third Party Lease \$1,130,295.08

Computation of Savings Resulting from Third Party Lease

Three Year Operating Costs, No Third Party Lease	\$1,312,113.00
Three Year Operating Costs, with Third Party Lease	<u>1,130,295.08</u>

Total Savings Over the Projected Period \$ 181,817.92

In the event that the third party lease is transferred to some other Crown Agency, either in total or in part, after three years there would be additional savings in fiscal year 1972-73 for Central Analysis Office due to the termination penalty not having to be paid. These savings would be directly proportional to amount of the lease that is so transferred.

Additional Information

In addition to the savings noted above Central Analysis Office has achieved savings in fiscal year 1969-70 not related to third party lease. Savings of \$500 per month were obtained by economies in computer system maintenance and \$1350 per month as a result of a readjustment of monthly payments to IBM. These savings will also apply to future fiscal years and are distributed as follows; \$12,750 in fiscal year 1969-70, \$22,200 in fiscal year 1970-71, \$22,200 in fiscal year 1971-72 and \$14,800 in fiscal year 1972-73.

It should be noted that the three year period used for the life of the system is an assumption. The computer system present life expectancy is just under two years. Up grading of the system with more random access storage and with large core storage is required to prolong system life to three years. A separate submission has been prepared for approval of the above upgrading.

(Part II of the Canada Gazette, December 24, 1969

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee
of the Privy Council, approved by His Excellency the Governor
General on the 10th December, 1969.

The Committee of the Privy Council have had
before them a report from the Minister of Veterans Affairs,
representing:

That subsection (7) of section 36 of the Veterans
Land Regulations prescribes that the interest rate in effect
for Part III of the Act is the interest rate prescribed in
subsection (1) of section 3 of the Farm Credit Interest
Rates Regulations;

That as of the 27th of February 1969, the Veterans'
Land Act was amended to delete the interest rate of 5 per
cent from subsection (1) of section 68 of the Act and on the
11th of March 1969, the aforesaid subsection (7) of section
36 of the Regulations was amended, as a result of which the
interest rate was $7\frac{3}{4}$ per cent, since increased, on the 1st
of October 1969, to $8\frac{3}{4}$ per cent;

That qualified veteran J. Charles Emile Renaud
on the 21st of October 1969, made application for the purchase
of a property described as part of Lot 19C, Range 10, Township
of Bardley, County of Gatineau, Province of Quebec, containing
an area of approximately 21,730 square feet, which is being
purchased under an agreement of sale from The Director, The
Veterans' Land Act by qualified veteran George Eugene Hayes;

That the property was appraised and on the 30th of
December 1968, The Director, The Veterans' Land Act approved
the proposed sale but inadvertently did not approve the funds
because qualified veteran George Eugene Hayes who is serving
a term of imprisonment for life is considered to have lost
his civil rights as a result of which he was unable to provide
consent to sale pursuant to subsection (1) of section 11 of
the Veterans' Land Act;

- 2 -

That a curator has since been appointed who has consented pursuant to subsection (1) of section 11 of the Veterans' Land Act to the proposed sale;

That qualified veteran J. Charles Emile Renaud approached the transaction in good faith and had funds been approved by The Director, The Veterans' Land Act on the 30th of December 1968, it would have resulted in an interest rate of 5 per cent pursuant to Part III of the Act rather than the present rate of 8½ per cent; and

That in the circumstances it is deemed advisable to permit the settlement of qualified veteran J. Charles Emile Renaud on a property described as part of Lot 19C, Range 10, Township of Bardley, County of Gatineau, Province of Quebec, containing an area of approximately 21,780 square feet on the same terms and conditions as if he had been settled prior to the 27th of February 1969.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, pursuant to subsection (1) of section 68 of the Veterans' Land Act, advise that Your Excellency may be pleased to approve an interest rate of 5 per cent per annum insofar as it relates to a loan to be advanced, pursuant to subsection (1) of section 65 of the Veterans' Land Act, to qualified veteran J. Charles Emile Renaud notwithstanding the provisions of subsection (7) of section 36 of the Veterans Land Regulations.

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee
of the Privy Council, approved by His Excellency the Governor
General on the 19th December, 1969.

The Committee of the Privy Council have had
before them a report representing:

That many Indian people continue to feel aggrieved about matters arising out of the transactions between them and the other people of Canada during the settlement of Canada and the administration of certain of the Indians' affairs by the Government of Canada;

That these grievances are put forward in the form of claims in respect of

- (a) the occupation of land by others without the prior and formal agreement thereto of the Indians using the land,
- (b) the performance of the terms of treaties and agreements formally entered into by representatives of the Indians and the Crown, and
- (c) the administration of moneys and lands pursuant to schemes established by legislation for the benefit of the Indians;

That it is essential to the public interest and to the future of Indian Canadians to alleviate these grievances in a definitive way that is just, in our time, for all Canadians;

That the first mentioned assertion of grievances is so general and undefined that it cannot be settled except by a policy to enable Indians to participate fully as members of the Canadian community, as is now being proposed by the Government of Canada;

That much uncertainty exists in relation to the second and third classes of grievances both as to nature and extent but the claims put forward as arising therefrom can be related to accepted Canadian juridical concepts and are likely susceptible of assessment independent of those party to the grievances;

- 2 -

That it is advisable now to appoint a Commissioner who, in consultation with representatives of the Indians, would inquire into, study and report on how the second and third classes of claims may best be adjudicated.

The Committee, therefore, on the recommendation of the Prime Minister, advise that Dr. Lloyd Barber, Vice-President, University of Saskatchewan, be appointed a Commissioner under Part I of the Inquiries Act to consult with authorized representatives of the Indians and,

- (a) to receive and study the grievances arising in respect of:
 - (i) the performance of the terms of treaties and agreements formally entered into by representatives of the Indians and the Crown; and
 - (ii) the administration of moneys and lands pursuant to schemes established by legislation for the benefit of the Indians;
- (b) to recommend measures to be taken by the Government of Canada to provide for the adjudication of the claims received that he considers can be demonstrated to require special action in relation to any group or groups of Indians; and
- (c) to advise as to categories of claims that, in his judgement, ought to be referred to the courts or to any special quasi-judicial or administrative bodies that he recommends as being desirable for adjudication of specific awards.

The Committee further advise that

- (a) the Commissioner be authorized to exercise all the powers conferred on him by section 11 of the Inquiries Act;
- (b) the Commissioner be authorized to adopt such procedures and methods and to make such rules, including rules establishing time limits for the reception of claims, that he deems expedient for the proper conduct of his inquiry and study and to sit at such times and places as he may decide;

- 3 -

- (c) the Commissioner be authorized to engage the services of such counsel, advisers and staff as he may require at rates of remuneration approved by the Treasury Board and to secure such advice and assistance as he may require from the public service of Canada;
- (d) the Commissioner be authorized to propose measures for the consideration of the Governor in Council that, in his opinion, would facilitate the conduct of his consultation, inquiry and study;
- (e) the Commissioner report to the Governor in Council with all reasonable despatch after the conclusion of his inquiry and study; and
- (f) the Commissioner file with the Dominion Archivist his papers and records as soon as reasonably may be after conclusion of his inquiry and study.
